FYI

It looks like Dr. Cox is helping us out with the disclaimer statement.

Dick
Here is the status of the MA effort.
Have a nice Thanksgiving holiday.

Just to let you know where everything stands.

- We have not heard from Kevin on the report format nor CDC nic disclaimer.
- Draft of pH procedure completed except for confidence interval / repeatability information (by 12/5).
- PTL pH development memo to be updated and completed by 12/5.
- MA cigarette pack tracability documentation is being put together and completed by 12/5.
- All raw data assembled. Final printout pending. Waiting for disclaimer and assurance that CDC nic results will not be revised.
- Copy of all MA report results sent to R. Cox on 11/21.

Ken and I will be in Org Review during the first part of the week. Liz will be available if you have any questions.

Joe
